

# Web Design Referral Program

I have always extended my sincere gratitude to those people who have referred my web design services to other parties. This is my way of extending my thanks to others for sending new clients my way. I recognize that “word of mouth” recommendations are one of the highest compliments a company can receive.

My referral program has been designed to “thank you” for your confidence in my abilities. When you recommend my services to a prospective client and your recommendation results in a new custom website design & programmed website I will provide you, the referrer, with one of the following referral rewards:

## Web Design Referral Rewards

- Two hours of free website maintenance service (Includes updating text, photos, links)
- \$50.00

### **There is no limit on how many times you use my offer!**

It's simple! If you have friends, family and business associates that are interested in a website, simply recommend our web design services and ask them to mention your name. Contact me to let me know that I may be contacted by your referral.
